

Let's Go my brother, Let's go

Words by Phiri Stanford & Tune by Lacerda

Verse 1

In the house of the Lord, we stand as one
With hearts full of faith, our spirits begun
Let's go, my brother, side by side we'll walk
Through trials and triumphs, in His love we'll talk

Chorus

Let's go, my brother, let the Spirit lead
With every step, our faith will proceed
In the light of His love, we'll find our way
Let's go, my brother, come what may

Verse 2

When doubts and fears would seek to divide
We'll stand together, side by side
With the Word of God as our guiding light
We'll shine like stars, in the dark of night

Chorus

Let's go, my brother, let the Spirit lead
With every step, our faith will proceed
In the light of His love, we'll find our way
Let's go, my brother, come what may

Verse 3

In times of joy and times of pain

We'll lift each other up, again and again

With compassion, kindness, and love we'll share

The hope of Christ, beyond compare

Chorus

Let's go, my brother, let the Spirit lead

With every step, our faith will proceed

In the light of His love, we'll find our way

Let's go, my brother, come what may
